

# Elementary Testing

What assessments/tests are given to our elementary students?

Do I have my student study for these tests?

How do I address my student's anxiety about tests?

Come listen to our speaker as she will answer these questions and any other questions you may have!

The presenter will cover all tests that will be given to elementary students K-5. Specifically the Smarter Balanced tests, tests that include the Highly Capable Testing process, and any other tests.
