PRESIDENT

Mary Vickers

My husband Scott and I have two daughters. Lynnea who is 22 and a recent graduate of WSU (GO COUGS!) and Ella who is a 3rd grader. We are Southern California transplants for going on eight years now.

We love camping and enjoy exploring Washington with all of its beauty! You can usually catch us doing gardening, attending one of Ella's soccer practices or games, doing girl scout activities or playing with our two crazy Catahoula rescue pups, Max & Mabel.

I've always felt it is important to take an active role in your children's education. Whether that be by volunteering, getting to know your children's teachers and the staff that support them, or donating when able. Playing an active role in your child's educational experience models that you are there to support them and their important educational journey!
